COURSE INFORMATION

SEMINARS FOR PROFESSIONALS

The Auto Refinish Training Centre seminars ensure participants are informed about the latest developments in the vehicle refinishing industry. Topics include;

- New product technologies.
- Improved application techniques.
- Economical ancillary materials.
- Environmentally friendly systems.
- Productivity improvements.
- Marketing measures to broaden business activities.
- Business management initiatives.

Our objective is to ensure our customers will be highly informed and skilled professionals, one step ahead of your competition. We are committed to the further education of our industry. Our desire is not only to ensure the long term security of our partners in industry but to improve public awareness and understanding of our profession. We look forward to welcoming you and your staff at one of our seminars.

REGISTRATION:

You can register by sending or faxing us the registration form, or by phoning 0800 227 422. Should the seminar you wish to attend be fully booked, we will contact you and reserve another date, if you wish. Should you be unable to attend a seminar for which you are booked, please inform us immediately, so we can advise participants on our waiting list.

PAYMENT:

The seminar fee is to be paid by you prior to attending the seminar. Please note that if payment is not received prior to attending the seminar we cannot guarantee your participation and reserve the right to refuse admittance.

CERTIFICATION:

All seminars offered are presented by fully qualified trainers. A certificate after successful completion of the seminar is offered to participants.

PARTICIPANTS:

The number of participants has been established so that the highest possible benefit for seminar participants is given (adequate opportunity for practical work, sufficient time for expert discussion and 1 on 1 technical support).

PARTICIPATION FEE:

The participation fee covers the cost of tuition, seminar notes, running costs and catering.

SEMINAR DATES:

We reserve the right to add, delete or change seminar dates from time to time or as required by demand. If this does occur, we will notify you immediately.

ACCOMMODATION FOR VISITORS:

Should you require accommodation, please let us know at the time of booking your seminar and we will arrange your accommodation itinerary for you.

WHAT PARTICIPANTS SHOULD BRING WITH THEM:

Participants who are attending seminars where practical work is required should bring;

- Work or Spray overalls
- Closed work shoes
- Carbon activated face mask or Air Fed respirator

Please note: Casual dress at all other times is suitable.

TRAINING SEMINARS

SPIES HECKER SYSTEM SKILLS 1:
