## HEALTH HAZARD INFORMATION:

### HEALTH EFFECTS: ACUTE

Swallowed Defeating of gastric mucous. Spontaneous purgative.

Eye Strong solutions can cause severe irritation and tissue damage.

Skin Strong de-fatting action. Prolonged contact may cause or exacerbate industrial dermatitis.

Inhaled Aerosols produce transient irritation and lachrymation.

## FIRST AID:

Swallowed: Do not induce vomiting. Contact a doctor or poisons information center immediately.

Eye: Flood eye(s) with cold water for fifteen minutes. If irritation persists seek medical advice.

Inhaled: Seek medical advice if untoward symptoms present.

Advice To Doctor Use appropriate treatment for strong alkali burning. Low acute oral toxicity.

## PRECAUTIONS FOR USE:

### EXPOSURE STANDARDS

Threshold Limits Not determined

Personal Protect Wear eye protection, waterproof clothing, foot ware and gloves.

Flammability: Non flammable

## SAFE HANDLING INFORMATION:

Storage/Transp: Store undiluted material in original containers. Do not allow product to freeze.

Container Types: Polythene cans and barrels.

Secondary Risk Spilled material presents a slip hazard.
