

TECHNICAL BULLETIN

SCRATCHX™

Guaranteed to be the most effective way to remove fine scratches and swirls from automotive paint by hand and DA Polisher, ScratchX™ removes light surface contaminants, oxidation, and blemishes while it enhances paint color and clarity. ScratchX is not a “cover up” and will not cause additional scratches to your surface.

- Part #:** G10307 – 207ml Lotion
- Packaging:** 207ml - 6 per case
- Features:**
- Safely removes:
 - Light scratches and swirls
 - Oxidation and blemishes
 - Bonded contaminants
 - Clear coat safe
- pH:** 8.0
- Paintable:** No
- Dilution:** RTU (Ready to use)
- Application Method:** Hand, orbital, D.A. Polisher
- Directions:** Wash car first to remove loose dirt, and fresh contaminants. Test on inconspicuous area first. Apply small amount of product, evenly to a cool surface (always in the shade), using a foam applicator or soft, clean 100% cotton terry cloth towel. Work one section at a time and let product dry before removing excess with separate clean, 100% cotton, terry cloth towel, turning to a clean portion for the final wipe. Do not use on unpainted vinyl or rubber surfaces. For durable high gloss, immediately follow with an application of Meguiar's Gold Class Car Wax to enhance and protect the restored finish.
